PREPaRE Workshop II

Crisis Intervention and Recovery: The Roles of School-Based Mental Health Professionals

Crisis Prevention and Preparedness: Comprehensive School Safety Planning

Schools play a critical role in meeting the needs of students, staff, families and often the local community during times of crisis. PREPaRE is the **only** comprehensive curriculum developed by school-based professionals with firsthand experience and formal training. The curriculum builds on existing personnel, resources, and programs; provides for sustainability; and can be adapted to individual school needs and size. The PREPaRE curriculum has been developed by the National Association of School Psychologists (NASP).

PREPaRE Model

P—Prevent and prepare for psychological trauma

R—Reaffirm physical health and perceptions of security and safety

E—Evaluate psychological trauma risk

P—Provide interventions

a —and

R—Respond to psychological needs

E—Examine the effectiveness of crisis prevention and intervention

This 2-day workshop provides school-based mental health professionals and other school crisis intervention team members with the knowledge necessary to meet the mental health needs of students and staff following a school-associated crisis event. You do not need to complete Workshop I to attend Workshop II.

With updated research and crisis intervention strategies, this workshop teaches participants how to prevent and prepare for psychological trauma, helps to reaffirm both the physical health of members of the school community and students' perceptions that they are safe and secure, evaluates the degree of psychological trauma, responds to the psychological needs of members of the school community, and examines the effectiveness of school crisis intervention and recovery efforts. This workshop is an excellent course for all mental health professionals in your district who provide mental health crisis intervention services. It provides a specific examination of the school-based mental health professionals' roles and responsibilities, with a special emphasis on crisis intervention and recovery.

Who Should Receive Workshop 2 Training? PREPaRE Workshop II is appropriate for any individual filling the role of crisis intervention specialist. This includes school mental health staff (school psychologists, social workers, counselors and nurses), administrators, and other individuals whom the team has identified as appropriate providers of psychological first aid. Additionally, this workshop can be very helpful for community-based mental health practitioners who may work with the school crisis team and/or may be brought in to the school assist in response to a crisis.

Our NASP Certified PREPaRE II Trainers

Trisha Kilpin, School Social Worker, Greendale School District, WI

Trish has been active in the development and implementation of a Violence Risk Assessment (VRA) process in her district, and provides ongoing training and consultation for VRA teams both in her district and across the state. She has experience working as a school social worker in schools from PreK through post HS for 28 years. Trish has a passion for creating institutional, systemic change through skill building and understanding. Trish has been actively engaged in ensuring that best practices are utilized in school crisis response, and serves as a leader on district crisis and safety teams. She also teaches Restorative Processes, Trauma Informed Care and is a PREPaRE trainer. trisha.kilpin@greendale.k12.wi.us

Sue Williams, School Psychologist, Greendale School District, WI

Sue has been a school psychologist for 26 years, with experience working in rural and suburban districts, and across varied age levels. After helping to develop and initiate a Violence Risk Assessment (VRA) process as part of a district level team, she continues to support building level VRA teams through training and consultation. She is a PREPaRE trainer and has been using this knowledge to assist staff and administrators with responses to trauma. Sue is a member of the district crisis response team. She has an interest in incorporating restorative practices and social thinking philosophies into her work with students, teachers and parents. susan.williams@greendale.k12.wi.us

What do others say about the PREPaRE 2 Workshop?

"Clear action steps to take in a crisis; real scenarios for problem solving."

"Interactive, thought-provoking, real-world. Teaches how to be more efficient and effective. Provides ready-made resources that cover most things."

"...taught me how to effectively work with other crisis team members, what roles are included, how to stay calm in a crisis situation, and how to engage with community agencies."
